1. Download SAS onto your system. If you've been provided a link to the Site License folder from our Site License Manager, you will want to download SAS 9.4 onto your system via the link below:

https://www.dropbox.com/sh/wglk8bik74tkivm/AACyOJu1kLtVHCuQCslarjtMa?dl=0

- 2. Click on the "Download" button in the upper-right corner of the browser window.
- 3. Click on "Direct Download"
- 4. Once Downloaded, you will need to Extract the contents. To do this, select the .zip file, right-click it, and select "Extract All..."
- 5. Click "Extract" at the bottom of the new window and wait for the extraction to complete.
- 6. Once the folder "SAS 9.4M5 Update" has been copied over and extracted, open the local folder and run the setup.exe file.
